

**TESA TAPE 4541 PV8**  
**Uncoated PET cloth tape for various applications**

**Product Description/  
Application:**

**Features:**

4541 PV8 is based on a highly tear-resistant PET fabric and modify synthetic rubber adhesive.

4541 is characterized by a high pliancy and an extremely high tack.

The product profile guarantees an impeccable seal on uneven, rugged and fibrous surfaces.

**Benefits:**

Due to its product features 4541 PV8:

- allows trouble-free manufacturing for manual and machine driven applications
- Its defined and stable unwind strength allows easy wrapping

**Dimensions:**

Lengths	Width
50m	19 mm

Other dimensions on request.
